

SmartReg

Simplified Data Capture

Reduce the time it takes to enroll people into any system with BadgePass SmartReg. Simply scan a driver's license or federally issued ID and watch as the system automatically populates any enrollment or registration screen in seconds. Save both time and money by minimizing manual data entry errors and reducing the time it takes to enter customer information. With SmartReg, duplicate records and misspellings can quickly become a thing of the past.

"SmartReg has helped us to significantly speed up our player registration process. Plus, it allows us to capture accurate data for every guest."
